unluseyma Looking back to the precious moments during my Erasmus+ exchange to Konya. 💕💕

Cultural heritage refers to all of the assets which covers the culture, values and traditions of a society and connects the history and identity of the society from the past to the present and the future.

In this context, I attended the Erasmus+ Program "Cultural Heritage Protection and Restoration Awareness" (2021-1-TR01-KA152-YOU-000012551), supported by the National Agency within the European Union.

Over the period of 10 days I received training in the field of restoration through different workshops and participated in the cultural heritage tour.

The workshops and trips I've attended are as follows.

1. Ceramic workshop
2. Ceramic drawing workshop
3. Workshop on conservation/restoration of books and bindings
4. Wood art and handicrafts restoration workshop
5. Keeping Seljuk designs alive
6. Carpet restoration studio visit
7. Kubadabad Palace excavation site visit
8. Tile and miniature painting workshop
9. Konya guided tour
10. Cappadocia guided tour
