

The project aims to offer opportunities to young people and to entities that work with the most vulnerable people and with social supply projects. The project is located in the Terres de l'Ebre region. In the last edition, it cooperated with eight different local public and private entities mentioned to offer support in working with the most vulnerable groups (mainly young people and women).

The main objective of the project is to promote cohesion at the local level but also with young people from different countries, as well as to promote solidarity through direct work with the aforementioned groups. The impact created by hosting international youth enhances and fosters youth participation in democratic and civic life, and connects young people across the European Union and beyond to drive voluntary engagement, mobility in learning, solidarity and real intercultural understanding.

The dates are:

29 of May 2023 to 29 of May 2024. It's a long term project, 12 months.

- 5€ of pocket money is given/day.
- Maintenance is a total of €150 per month and at the moment we manage it. They tell us what they want and we put together the online shopping list.
- The place of the house is in Jesús, a district of the city of Tortosa (it is 20 minutes by public transport, 40 minutes on foot and 20 minutes by bicycle). We provide bus cards that they have to load with their money (€5 - 10 trips) + bicycles.
- The house has a total of 5 shared rooms with 2, 3 and 4 bunk beds. There are 3 toilets + 3 shared showers and two individual toilets. It has all the comforts of a house and the necessary utensils. It also has many garden spaces, a smoking area, an orchard and a swimming pool (it is not known if it will be enabled).
- The vehicular language among the participants is English. We make language pairs so that they stay with them weekly and teach them to speak Catalan and Spanish.
- The working hours per week are between 25 and 30 hours. Every Monday they have tutoring, so they don't work that day.

The activities carried out by the volunteers have been carried out in entities of the territory. Thus, having the experience and the functions simplifies the fit between the volunteer and the place where they do their volunteering. The tasks carried out in the host entities with which we collaborated in the last edition of the program are described below:

*Punto Joven, belonging to the Tortosa City Council: support for youth activities for young people in diversity.

- *Roquetes Civic Center: with the aim of promoting the social inclusion of infants and young people with fewer opportunities
- *Obre't Ebre: collaboration in the tasks of the organization and guidance and inclusion projects.
- *Caritas Diocesana de Tortosa: help and care for users in the service office.
- *Instituto de l'Ebro: provide support with the educational project of the center, specifically with issues of inclusion, interculturality, the environment, values, languages and Erasmus Plus projects.
- *Esplai Blanquerna Group: Participate in support tasks for the different services that are developed in the city and with the collaboration and cooperation with other local organizations.
- *Atzavara-arrels: will attend to the attention, information and advice service and immigrants.
- *Segona Volta: attend to store users, waste management and warehouse organization, family collection...
- *Gepec: will work offering support to the environmental education activities and workshops of the entity at an environmental level
