LETTER OF RECOMMENDATION

To whom it may concern!

I would like to recommend Mrs. Tsvetina Zaharlieva, who is our executive director and main trainer and facilitator of all the national and international projects our NGO organizes. She has developed training agendas on various topics – social inclusion, gender equality, employability skills, intergenerational dialogue, road safety, active youth citizenship, promotion of healthy lifestyle and sport – just to name a few. All the training courses she has led have contributed to building a reputation of our NGO as a serious partner in the international non-formal education field.

Mrs. Zaharlieva has undergone different trainings, including TOT – training of trainers, which developed her as a qualified trainer with diversified innovative and interactive methods. She works well both individually and in a team of other trainers.

Our executive director with her dedication and excellent youth work made our organization well-known at local, national and international level.

We consider Mrs. Zaharlieva a real asset to our organization and believe she can contribute to any training’s positive outcome.

YOURS FAITHFULLY,

**DIMITRINKA VARBAKOVA
CHAIRPERSON**
