### Qualify for Quality.

The activity took place from **18/03/2010**  
to **26/03/2010** in **Kovačica, Serbia.**

### Training Courses

Within the European 'Youth in Action' Programme, a Training Course is a project where interested people, such as youth workers and youth leaders, come together for several days to work on specific issues at European level. The organisers provide a programme of activities with specific aims and learning objectives facilitated by experienced trainers. People from different countries and backgrounds learn to develop personal, professional, and intercultural competences.

Training Courses foster knowledge and co-operation in European youth work. They promote the initiative and creativity of participants and have a direct impact on their future youth work practice, such as organising quality projects and intercultural learning experiences.

Offering the added value of a European dimension, Training Courses are quality-checked regarding content criteria and implementation.
