

10th November 2015, Milan

Dear Miss. or Sir,

With this letter of reference I would like to support the application of Mr. Matteo Lombardi for the position in your company.

Mr. Matteo Lombardi had been working for our organization as a main project manager between 2008 and 2012. I was able to appreciate the work of Mr. Lombardi since the very beginning of his involvement with Casa per la pace. It is especially his loyalty, enthusiasm, precision and energy that he had invested in order to create the base of the development of our organization that we valued very much. He had always pursued his tasks with precision and innovation which eventually led him to launch new projects and activities. Thanks to his behaviour and extra efforts it was possible to implement and develop new projects which significantly influenced the development and profit of our organization.

Moreover, based on my personal experience I can affirm that Matteo Lombardi had always had a really strong feeling of duty and loyalty towards both, the organisation and his colleagues.

All these characteristics make us perceive him to be a precious collaborator. We are aware that we lost an important part of our organization's team since Mr. Lombardi had decided to move to live abroad in 2012. Despite this fact we still keep in touch and maintain great personal relationships.

Kind regards,

Pierluigi Rossi, Casa per la Pace Milano's president.
