**SOCIAL SKILLS
AND COMPETENCES**

My social skills and competences have been developed through various international experiences, such as the European Voluntary Service stage in Malta for three months, the Erasmus scholarship for 5 months during the university and also many trainings where I have participated both as a trainer or participant.

**ORGANISATIONAL SKILLS
AND COMPETENCES**

Coordinating various local, national and international projects in the youth sector and adult education sector gave me the opportunity to develop my organizational skills and becoming more proactive.

Recruiting, working and coordinating volunteers empowered me in gaining a lot of confidence within the human interaction, thus I have developed excellent communication skills and working in a team ability.

Writing project proposals and being project coordinator gave me the chance to improve my time management and crisis management skills and also learning how to administrate budgets and relations with different partners.

**TECHNICAL SKILLS
AND COMPETENCES**

I have knowledge in the following programs: Editing videos, due to my participation to a youth exchange "Multicultural Filmmaking", Microsoft Word, Microsoft Power Point, Prezi; Microsoft Excel.

**ARTISTIC SKILLS
AND COMPETENCES**

Music and Dance - I've already created 3 Flash Mob performances, 2 for adults – volunteers and colleagues (during a fundraising event) and one involving the children for the Children's Day, 1 June 2012. I also volunteered to make dance lessons for children in a camp.

Storytelling is a huge hobby and I started since last year to collect stories from all around the world.
