Synopsis

Arrived in Malaysia in 2013, where I started as a Program Manager in SOLS 24/7. Two years later, I became Chief Operating Officer of Social Enterprise and person in charge for environmental program in Solar Academy. Experienced manager in severe environmental projects. Organized trainings and education activities on topic of water filtration, solar energy, renewables and nature preservation. Founder and CEO of youth environmental institute OSMEH, Serbia. Over 10 years of experience in training of young people under European Union environmental programme. Experienced certified Google for Education trainer and Cambridge English Speaking Examiner.

Punctual and hard working person with great ability to dedicate additional hours to the project. Guided international teams where I based my leadership in support and education of the team members. Highly skilled in administration and proposal writing
