A LETTER OF RECOMMENDATION

Dear Sir/Madam,

It is my great pleasure to personally recommend Mr. Igor Spetič for the role of the Juth Trainer at "The Salto European Basis."

"We are" the elementary school in Stari Grad on the island of Hvar. I have been performing the duty of its principal since 2016. and I found myself a very lucky person when-while planning our extracurricular activities for that very year I met Mr. Igor Spetič who visited us as the leader of the Scout's group "Posejdon" from Split.

We immediately started communicating through a series of workshops with our students ("Conflict management" and "Plan your life"); also, we spent a few afternoons with a group of Scout's students from 8 European countries doing Stari Grad challenge tasks. It was fun.

To my surprise, a couple of days later The Council of Parents came to me asking if it would be possible to found the Scout's group in our place which would eventually be the branch of "Posejdon's" section from Split!?

It was possible - with help of Mr. Spetič and our parents in a very short time we had our Scout's group "Buškori".

"Buškori" group is very active. They have their trainings, summer camps, they go skiing in winter time... Now they function as an independent extracurricular group.

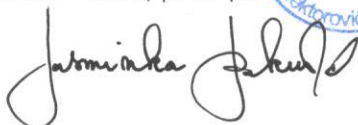

In the meantime, Mr Spetič kept supporting our curricular activities organising the whole series of workshops for the students of different age such as: "Save an egg"-developing creativity/ "Mission Z"-managing conflict situations/ "Real Ideal"-life financial planning/"Time managing"/ "THOR"-developing the reflective activities/ "Values"-discovering and ranking human and social values....

Mr Spetič comes and visits us twice a year and his visits and workshops are something our students are always expecting with great excitement, enthusiasm and pleasure.

To conclude, I have no reservations giving my highest recommendation for Mr Spetič. I am confident he will become an invaluable addition to your Project.

Sincerely,

OŠ PETRA HEKTOROVIĆA STARI GRAD
