

Profile

International expert with over **15 years** of experience and a proven track record in Training & Capacity Development, across **Africa, Asia, and Europe**. Skilled in developing organizations' capacities, with previous roles at multiple international organizations. **PMP**-certified and holds a Doctorate in Business Administration (**DBA**) focused on the impact of capacity development, and a Master's in Strategic Management (**MBA**).

Instructional Designer | Capacity Development Achievements

- Designed and facilitated diverse Training of Trainers (TOTs) programmes strengthening adult learning, leadership, Project Management and Social entrepreneurship capacities.
 - Designed and delivered in-person and online training programmes for 1,125 participants across 17 countries, achieving measurable improvements in learning outcomes.
 - Built strategic partnerships with over 5 internal and external stakeholders to co-develop innovative, context-driven capacity building solutions.
 - Designed, developed and created a complete education framework for Economic Sustainability course on Talent LMS.
 - Evaluated Capacity Building Programme, delivery methods, and outcomes, assessing the long-term impact on 221 participants across 10 courses delivered between 2022 and 2025.
 - Oversaw a learning and training unit delivering 16 standard and tailor-made training services on- and off-campus through both face-to-face and online modalities.
 - Ensured quality assurance of learning products and services by applying the full training cycle—design, delivery, and evaluation—while embedding participatory adult learning methodologies.
-

Recommendations

“Amr is the most organized, focused, supportive, and committed person with whom I have ever worked. He could reach the minds of young people with as few words as possible and get the best in them”

~ **Julia Sayyed, Senior Economic Recovery Manager, IRC, Jordan.**

“I have enjoyed working more directly with where he has played a crucial role in driving forward the 'lean business' component under the innovation program. His very structured approach combined with his high level of cultural understanding, have made him a fantastic collaborator and brought value to the projects.”

~ **Peter Tindborg, Innovation lead, ActionAid, Denmark.**
